

lines 24 through 26, delete "The substituent in this case is, for example, a halogen atom, a hydroxyl group, and amino group, an alkoxy group, or an aryloxy group."

REMARKS

The above amendment to the specification is being made to insert reference to the PCT application of which the present case is a U.S. national stage. The present amendment is also being made to place this case into better condition for examination.

Favorable consideration and allowance are earnestly solicited.

Respectfully submitted,
